FATHER

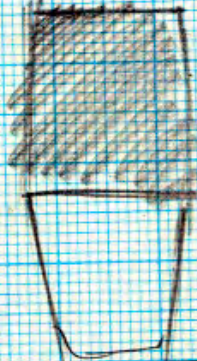

Size feels right, BUT THE BLACK IS VERY STRONG. MAYBE A DEEP PURPLE OR A GRAY. Should be transparent. more bubbles

MOTHER

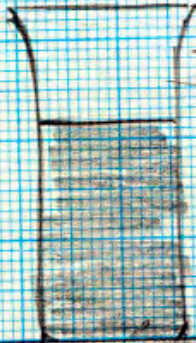

could be a few mm larger in both height & width. this is in relation to the father's glass. colors are great.

DAUGHTER

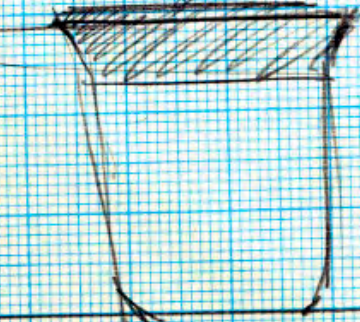

Amber looks too old maybe some may like it. Size is good in relation to ~~father's~~ ^{mother's} glass. could be a bit larger if mother is larger.

~~SON~~

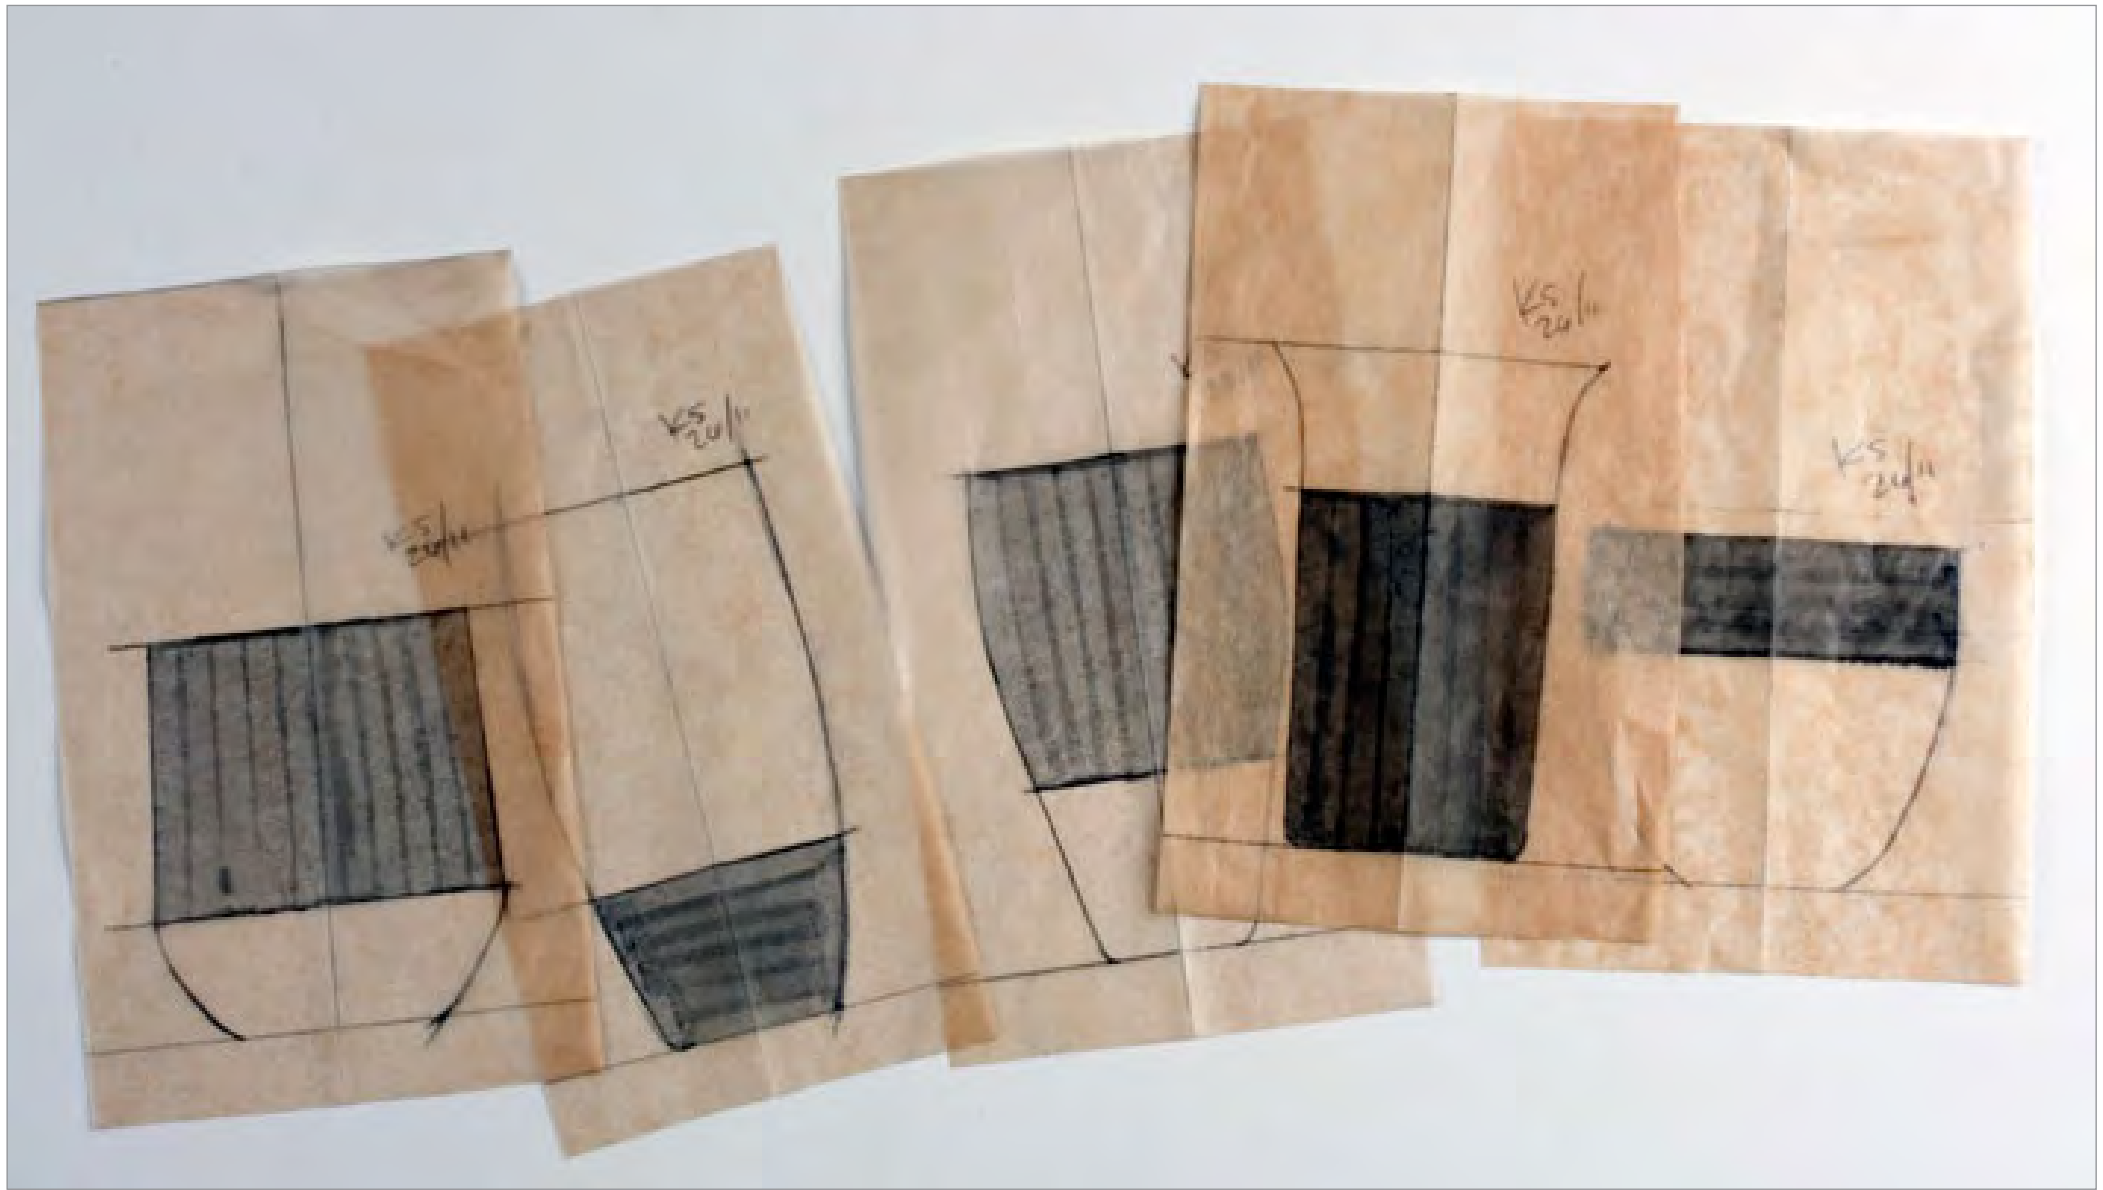

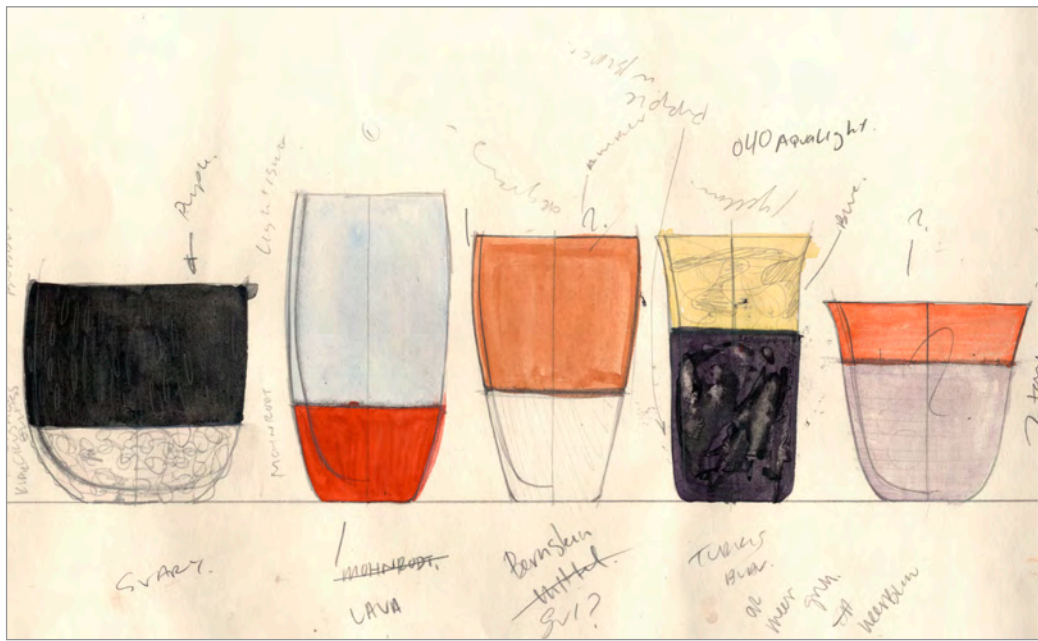

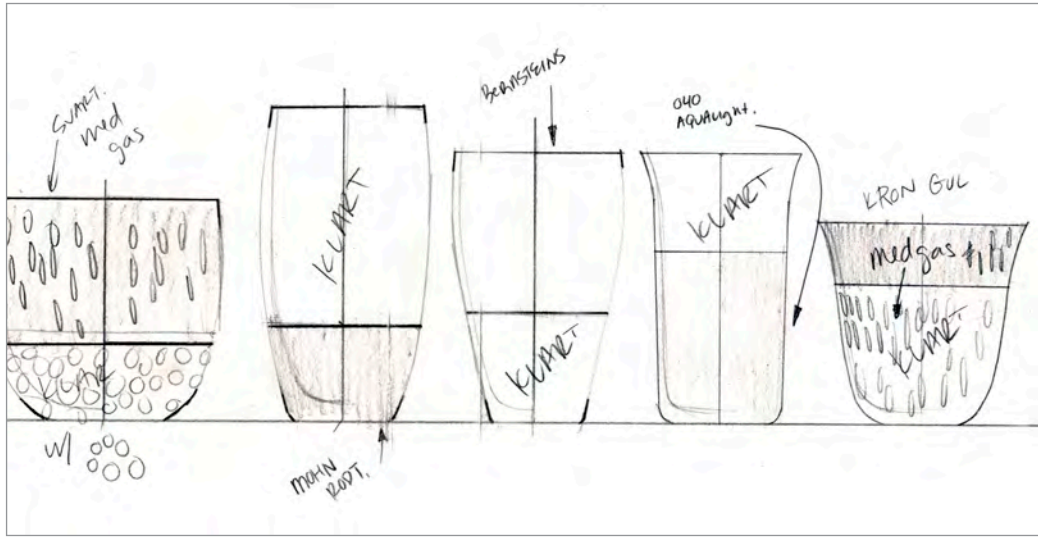

color could be used for SISTER. maybe he gets a purple. Should be same height as sister.

Young Daughter

too big. needs more bubbles at the bottom. the color works well for her. Should be lower than Father. Yellow part is good but clear is too long tall.
